CRISP STREET HAMPTON

An address immersed in crisp ocean air, seaside nostalgia and understated elegance. This quiet street — in one of the city's most sought-after bayside locales — now hosts twenty-eight of Melbourne's most desirable apartments.

Crisp Street stands as an edifice to modern living, insightful design and exceptional standards. Each apartment encapsulates the finest elements of architecture and landscape design against an ocean backdrop: a setting unmatched by any other city suburb.

Interlacing a clean, modern aesthetic with sharp functionality, Crisp Street epitomises style and sophistication, with subtle nods to the nautical surrounds woven throughout the interior by Mim Design.

Oak timber flooring, stone and illuminative palettes enrich each apartment with soft light and an undulant sense of space. An outdoor entertainment area connects the light-filled living room and kitchen interior with the bold yet restrained landscape design by Jack Merlo. The result is a stimulating space that hosts the perfect balance between bayside sanctuary and practical city living.

The company we keep is important to the structures we create. Our standards are exacting and the people we work with reflect that. Jack Merlo and Mim Design are the leaders in their fields and when we collaborate with inspiring minds, the results are remarkable.

Crisp Street presented the opportunity to create homes in Hampton — an area of Melbourne we feel deeply connected to — and we're proud of what now stands; an address that is a testament to visionary design and forward-thinking luxury.

All the elements of exceptional living coalesce on Crisp Street.
